Allē for Business Platform Expansion

Allergan Medical Institute® Online

Areas of focus listed within each category pillar are aspirational in nature and are not guaranteed to launch in the US market.

Our core strengths deliver value for our customers and the patients they serve

Proven Portfolio

We offer a comprehensive, proven portfolio of products. Because one size does not fit all in aesthetics, our expansive range of products allows you to tailor every treatment plan to the individual, delivering the results they're looking for and building trust and credibility.

Expanding Education

We provide educational experiences that support your practice. Our trainings and educational resources are rooted in science, clinical and even business expertise, helping you strengthen skills while growing your practice.

Enduring Innovation

We've witnessed aesthetic medicine make great strides over the years. So, we continuously invest in the highest standard of science and discovery to uncover the next big breakthrough and move our industry forward.

Powerful Partnerships

We partner for the long haul. Like you, we've grown with this industry, earning our reputation while helping build yours. With a deep understanding of business economics, we know what it takes to drive patients to treatment, so together, we can continue helping people look and feel their best.

Our worldwide portfolio of leading brands and products

A Letter from the Program Director

Dr. Earl B. Ettienne
Assistant Dean of Graduate Programs and Industry Partnerships
HUCOP Fellowship Program Team

The Howard University College of Pharmacy (HUCOP) stands as the singular college of pharmacy in our nation's capital, a legacy that dates to 1868. Since our establishment, HUCOP has been a stalwart provider of pharmacy, education, consistently nurturing leaders who go on to make their mark on the global stage.

At HUCOP, our focus remains delivering a contemporary pharmacy education while paving new paths through scholarship, research, and professional growth. Our distinction as the top ranked Program, as recognized by U.S. News & World Report is proof of our unwavering commitment to excellence across various domains.

Envisioned in 2012, the pioneering HUCOP Pharmaceutical Industry Fellowship Program places a special emphasis on "taking the limits off" our fellows while taking them from "success to significance". We seek candidates that represent America and the Global community. They must have a proven track record of excellence, exceptional communication skills both written and oral, a receptive aptitude for mentorship, and an innate reservoir of leadership potential primed for future C-suite consideration.

Structured as immersive experiences spanning one to two years, our post-doctoral fellowships empower participants with hands on training in academic, bio-pharmaceutical, clinical, medical, corporate, research, and regulatory spheres.

We extend sincere gratitude to our valued partners, dedicated preceptors, and diligent staff members. Their commitment to guiding our fellows through role modeling, coaching, and professional advancement remains instrumental to our shared success.

Excellence in Truth and Service,

Dr. Earl B. Ettienne
Assistant Dean of Graduate Programs and Industry Partnerships
HUCOP Fellowship Program Team

ABOUT HUPIF

Purpose

Howard University College of Pharmacy Pharmaceutical Industry Fellowship Program (HUPIF) serves to develop post-doctoral fellows with competency and the skill set necessary to serve as integral leaders in academia, biopharmaceutical industry, policy arena, research enterprise, and the U.S. Government inclusive of the Food and Drug Administration (FDA). Our fellows will participate in cutting-edge projects and provide expertise on unique patient health challenges in partnership with their respective fellowship programs.

Vision

We aim to be a model for academic-industrial partnerships in the development of highly talented, innovative post-doctoral professionals that provide impactful and transformative support to the organizations and the communities that they serve.

Mission

We strive to provide premiere professional development fellowships to post-doctoral candidates with high academic, scholarship, and leadership potential.

Values

We value integrity, professionalism, collaboration, cultural competence, and a commitment to excellence.

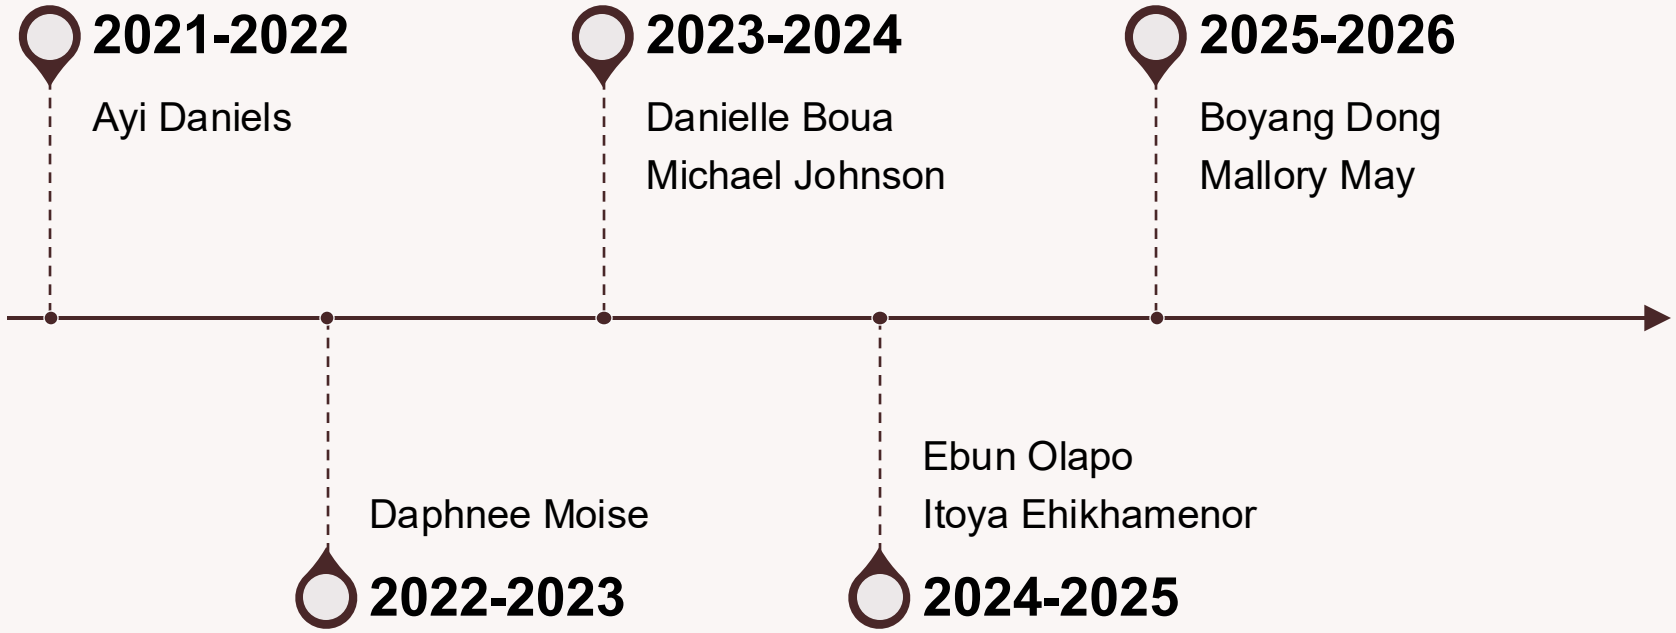
US GAMA Fellows



Allergan Aesthetics
an AbbVie company

U.S. Facial Aesthetic Medical Affairs Fellowship Program

2 positions

Allergan Aesthetics
an AbbVie company

Program Overview

This 12-month Medical Affairs Fellowship Program is based in Irvine, California. It is designed to provide recent PharmD or equivalent advanced degree graduates an opportunity to learn the essential skills and experiences required to excel in Medical Affairs organizations across the pharmaceutical industry.

Being an integral part of the U.S. Medical Affairs Facial Aesthetics team, the fellow is responsible for assisting in scientific content development and projects related to the development and execution of the U.S. Facial Aesthetics medical strategy.

Goal

The overall goal is to provide an opportunity for the fellow to learn the skills necessary for a successful career in the pharmaceutical industry with an emphasis on Medical Affairs.

Roles and Responsibilities

- Assist in projects associated with the development and execution of the U.S. Facial Aesthetics medical strategy
- Support scientific content development for products across the Facial Aesthetics portfolio
- Collaborate with the various functions across Medical Affairs, such as Publications, Medical Information, and Medical Science Liaison, and contribute to the successful execution of projects
- Assist in cross-functional projects with R&D, Clinical Development, Health Economics Outcomes Research, and Marketing
- Achieve a high-level knowledge of the therapeutic area

Application & Recruitment Process

Eligibility

- Obtain a PharmD or PhD from an accredited institution
- Have strong written and verbal communication skills and a strong interest in pursuing a career within the biopharmaceutical industry
- Demonstrate interest in Medical Affairs
- Eligible to work in the United States

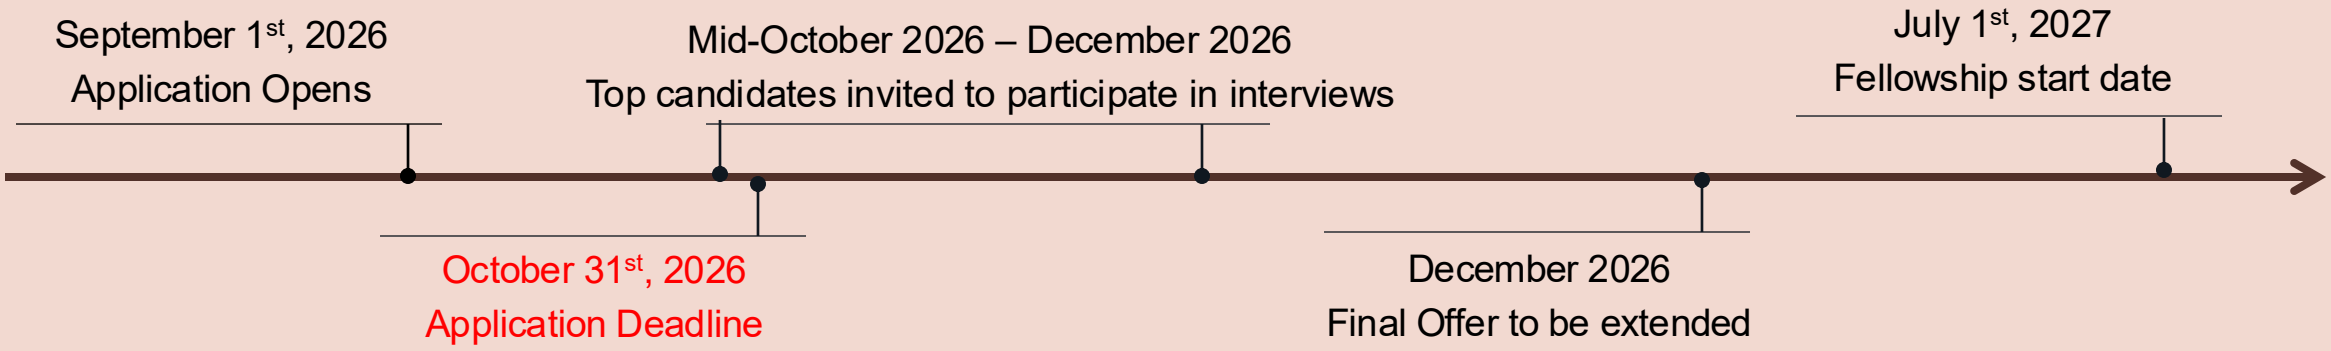
How To Apply

- Between September 1st – October 31st, submit required material to online portal:
  - Curriculum Vitae
  - Letter of Intent
  - 3 Letters of Recommendation
  - Transcript of PharmD/PhD coursework
- Application link: https://fellowship.pharmacy.howard.edu/

Interviews

Candidates will be contacted directly by AbbVie via email with details regarding interview scheduling. Interviews will be conducted virtually and may include multiple rounds with members of the Medical Affairs Team.

Application Timeline



If you have any questions, please contact the HUPIF Fellowship Program via email at pharmacy.fellowship@howard.edu
